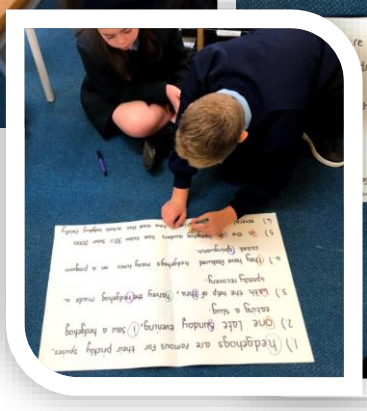
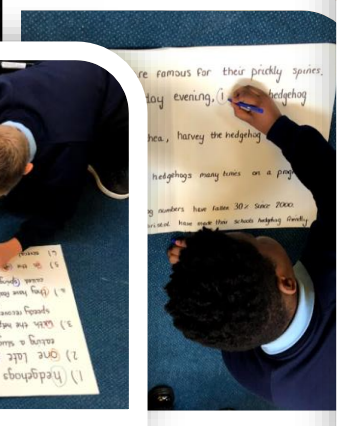
SBU1 Getting Settled





ENGLISH

In English lessons this week, SBU1 have played some active phonics games to refresh our knowledge of diagraphs and trigraphs (ff, ss, igh, ure, etc.) in order to improve our spelling when writing.

SBU1 have completed baseline assessments in SPaG and begun to assess where capital letters are needed in their writing and the writing of others.

In writing lessons, SBU1 have made predictions about the plot, character and setting of our class novel; *The Hunger Games,* based on the front cover and blurb.

MATHS

In Maths lessons this week, SBU1 have been working with numbers to 1000, concentrating on representing numbers pictorially and partitioning them to find the hundreds, tens and ones.

There has been fierce competition in our games of *Place Value Bingo* and *Treasure Hunt.*

SBU1 have practice their measuring and weighing skills within our Life Skills lessons this week; exploring how much sugar is contained in each item for sale in our tuck shop!

OTHER SUBJECTS

In Science, SBU1 conducted an eggceptionally eggciting eggsperiment surrounding forces. Safe to say, 6 eggs were harmed in the making of this lesson!

In Art and Design pupils have begun to create collaborative mural based on the Element of Art: Line. Watch this space!

SBU1 have had the opportunity to experience a range of different interventions this week including; woodwork, meditation, social skills, yoga and music. Pupils thoroughly enjoyed these sessions and will be allocated weekly sessions in order to develop their skills further.

FOOD TECHNOLOGY

Spring Brook's very own Gino D'Acampo and Gordan Ramsay (aka Franklin and Kayleb) have been at it again! Cooking up a chicken curry and rice and working together to learn how to use the ovens.

DID YOU KNOW?

There are over 8g of sugar in a 14g bag of Wotsits!
